PEAT CUTTING AND SHALE MINING WELL UNDER WAY

PEAT TRUSTS REPORT 1948 SUCCESS -- Trud, No 115, 18 May 49

Enterprises of the Statura Peat Trust fulfilled the 1948 plan for prepared peat 110.9 percent and the plan for supplying peat to electric power plants 102.5 percent. The trust achieved above-plan accumulations of 10 million rubles during 1948.

Enterprises of the Chernor-Menskiy Peat Trust fulfilled the 1948 plan for prepared peat 107.8 percent and the plan for hauling poat 115.6 percent. The trust achieved above-plan accumulations of 5,249,000 rubles during 1948.

The Orekhovo-Zuyevo Peat Trust fulfilled the year plan for prepared peat 108.9 percent and the plan for hauling peat to power plants 112.2 percent. Lowering of the cost of production resulted in above-plan accumulations ef 10,065,000 rubles.

MODERY MACHIMERY USED -- Sovetskaya Belorussiya, %o 96, 15 May 49

Belorussian peat enterprises are better organized for the present season than they were in 1948. They have been supplied with modern peat-mining machinery. The peat-cutting machines alone should enable enterprises of the Ministry of Local Fuel Industry to increase their output 22 percent.

"Zmeyevka," "Mikhanovichi," "Glubotskoye," and other peat enterprises started cutting 20 days ahead of schedule By 1 April, the official date for the opening of the peat season, several tens of thousands of bricks of peat had already been cut.
